LIBERATOR III (ITJCS)

INTEGRATED TACP/JTAC COMMS SUITE

Liberator III™ Integrated TACP/JTAC Communication Suite (ITJCS) provides operators with the capability to utilize the modular design of the system to receive and transmit using multiple communication nets simultaneously. The system design supports hot-swapping between different radios on the fly for limitless possibilities during tactical missions. Liberator III™ ITJCS was uniquely designed with TACP/JTAC capabilities in mind.

Liberator III™ ITJCS Systems provide state of the art digital hearing protection and situational awareness enhancement. An integrated NVG compatible Microphone Light is included as a standard feature.

URBAN MBITR / PRC-152
CABLES
